### PRODUCT TAKE BACK PROGRAM

In order to be good stewards of our products, Stylex offers a pathway towards a Product Take Back Program as a more viable solution to the end of our products' originally intended life.

Stylex supports the sustainable programs of ANEW and offers their added value to our clients through a comprehensive take-back solution for surplus office furniture and materials of any kind, in any condition. ANEW is a 501(c)(3) non-profit organization that exists to provide companies with smart, cost effective alternatives for their surplus furniture and other items with the priority of matching it to non- profits, public agencies and the underserved, within the local community of the project site. Corporate Social Responsibility is raised while the impact on the environment is lowered by diverting products and materials otherwise destined for landfill.

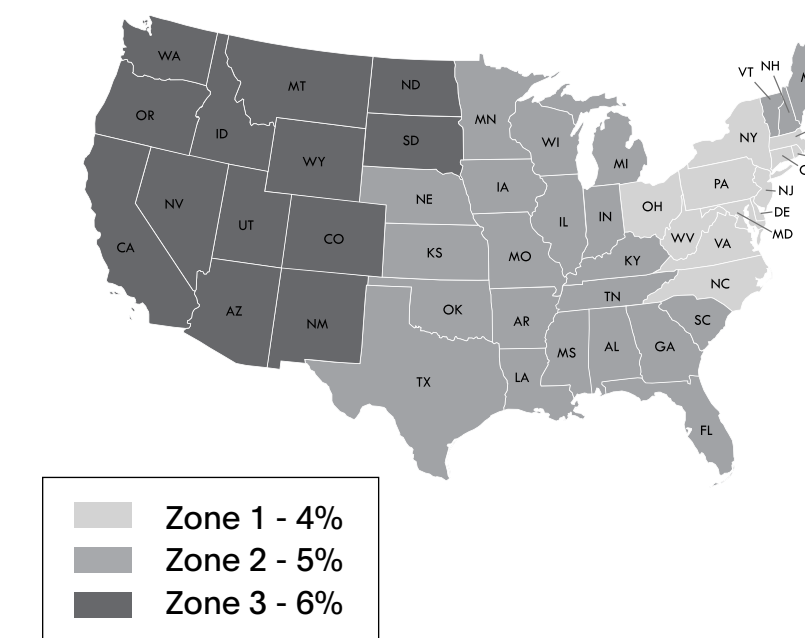

Stylex is proud to offer ANEW to customers dedicated to strengthening their community network by repurposing their furniture, fixtures and architectural materials to those in need. In 2014, Stylex committed to making this relationship a part of our strategic sales strategy. Visit [www.anewfound.org](http://www.anewfound.org) to find out more.

To initiate a Product Take Back strategy through ANEW, contact Stylex Account Management at 800-257-5742.

For other end of life recovery options, please see our Product Disassembly Instructions and End of Life Recovery Options documents available on our website in the resources section of each product in our line.

## STYLEX PRICE LIST

### TEXTILE PARTNERS & APPROVALS

#### Textile Partners

To customize your furniture performance needs and design vision, Stylex offers a wide selection of in-graded leathers and textiles from Grades A through Y. We've partnered with leading manufacturers on the options, focusing on color, price, durability, and construction. To view our partners and explore our digital carded program with broadly approved textiles, visit [this page](#). We stand by these textiles: They're tried and tested, and will effortlessly fit into any design aesthetic.

#### Textile Approvals

All textiles must be approved for the product you are specifying. For the related approved textile lists, visit [this page](#).

### CAL 117 AND 133 COMPLIANCE

#### CAL 117-2013

CAL 117-2013 compliance is a requirement for all textiles applied on our seating products. All Stylex seating products meet this standard.

#### CAL 133

Most Stylex seating can be ordered to meet the requirements of CAL 133. When ordering, simply specify "CAL 133 compliance required". The upcharge for this option is \$54 list per yard. Please refer to the COM yardage of each model to determine the number of yards required. We do frequently require full-scale burn tests in order to certify CAL 133 before an order will be accepted. Such burn tests may increase normal lead times and do carry additional charges. Please contact your Stylex account manager for details.

### CUSTOMER'S OWN MATERIAL/LEATHER

Customer's own material (COM) and customer's own leather (COL) will generally be upholstered at the price designated in each product's price list. Please be advised, however, that we specifically reserve the right to charge a higher price when we determine that special circumstances, such as unusual repeats or challenging materials, present themselves. All orders for custom coverings must be approved by Stylex before they will be accepted for production. To submit proposed textile for approval, please use the COM form [here](#).

#### Special Note:

We assume no responsibility for the durability or tailoring quality of any COM or COL. Directional covers in particular may not meet your satisfaction due to the design of certain products. Please be advised that COM and COL orders are not subject to return. If you have doubts about the ultimate appearance of certain coverings, please order a sample done with that specific COM or COL. In addition, while we inspect fabrics for mill imperfections, some are difficult to recognize. We cannot be responsible for defects, color inaccuracies, dye lot variations, or other flaws.

Under no circumstances will we be responsible for COM shortages, flaws, or other such problems. Finally, it is not our responsibility to police the receipt of COM's in order to meet delivery deadlines, and we assume our customers are aware of any undue delay in the shipment of their COM fabrics.

#### COM fabric and COL leather should be sent prepaid to: Stylex

**Attn: COM/COL - [Your Stylex PO #]  
740 Coopertown Road  
Delanco, NJ 08075**

**All COM/COL sent to Stylex must be accompanied with a packing list which indicates the dealers' name, Stylex corresponding PO number, sales order number, COM/COL supplier name, textile pattern, colorway and shipped quantity. Stylex requires COM to be sent in as continuous yardage in the same dielot.**

Yardage requirements shown in the price list are based on non-directional goods of 54" width. Fabrics less than 54" wide or those requiring matching (stripes, prints, or large patterned designs) call for additional yardage. We will be happy to supply yardage requirements for large quantities where economies may be realized.

#### Add the following yardage for stripes, plaids, or patterns with repeats:

Fabric Width	Plain Fabric	2-14" Repeat	15-24" Repeat	25-27" Repeat	28-36" Repeat
54"	0%	10%	15%	20%	25%
50"	10%	20%	25%	30%	35%
48"	15%	25%	30%	35%	40%
45"	40%	50%	55%	60%	65%
36"	50%	60%	65%	70%	75%

### COM/COL FORM

To avoid delay in processing COM orders we request that you submit a sample of your COM textile stapled to this form which can be downloaded [here](#). If a textile has a stripe or design, the size of the repeat should be indicated. Please indicate the textile supplier's name, textile number, and color. Also indicate the Stylex product on which the textile will be used. If a certain direction of application is required, please ensure that information is communicated directly to your Stylex account manager.

The fabric supplier must indicate on his shipping labels the dealer name and purchase order number as well as the Stylex model number.

#### Please Note:

No order may be entered into production or have a shipping date assigned until all related COM is received at the factory.

## PRODUCT INFORMATION

### Design

Sava Cvek

### Construction

Seats and backs incorporate compound curve plywood. Upholstered models use polyurethane foam. Frames are steel tubing with cast aluminum arms and back brackets.

### Stacking

Four leg stacking models stack six high on the floor and nine high on the Welcome transport dolly. Transport Dolly not available for caster chairs. Finish Advisory for Stacking Stylex recommends chrome frames for any stacking application requiring dollies. We will not warrant powder coated frames that have damage to the finish caused by stacking or use on the Transport Dolly. In addition, appropriate care must be exercised when stacking powder coated chairs on the floor.

### Glides

Black plastic glides are standard.

### Ganging Bracket Option

Arm models feature optional plated wire-formed brackets that are stackable.

### Wood Finishes

The beauty of wood lies in its natural grain patterns, which are unique to each piece of wood. As such, exposed wood surfaces will not offer the same consistency as man-made materials. Some variation in color, grain, and texture are to be expected, even within the same order. Another consideration is that wood components will tend to darken over time, exaggerating slightly naturally occurring differences. Chairs ordered at different times are likely to be less similar than those ordered together. Therefore, Stylex will not guarantee a precise match of color, grain, or texture of its wood components.

### Use

Designed for indoor use only.

### Performance Standards

Manufactured to comply with:  
ANSI/BIFMA X5.1 General-Purpose Office Chairs - Tests

### Certifications

Greenguard Gold
