Standard

Euro

Thin Pad

Sava Swivel Chair

There are three varieties of the fully upholstered Sava chair – Standard, Euro, and Thin Pad. All three share the same underlying construction and options and the same user-friendly controls, but each offers a different appearance. Standard is neat and buttoned down. Euro is casual. Thin Pad is luxuriously tailored.

Designer: Sava Cvek
The relationship between Sava Cvek and Stylex began more than a decade ago and has culminated in many highly successful, innovative products. Taken together, the various series of Sava seating express the mature understanding that has developed between Stylex and Cvek through many years of enthusiastic collaboration.

Sava
Swivel Chair

With the addition of a simplified control, black paint finish, and fixed-height T-arm, SAVA has entered a new dimension. More accessible, less formal, more versatile, SAVA now goes more places, revealing an elegant presence wherever it is found. Even though there are more looks than before, the comfort remains the same, based on the dynamic principles and support of the original Balanced Tilt mechanism.
